REGION

Friuli

The Friuli region is nestled between Veneto and Slovenia at the crossroads of Europe's Mediterranean and central European cultures. This translates into fascinating wines which have made the region famous for its complex whites and seriously structured reds from blends, international varieties or lo... [Read More](#)

TASTING NOTES

The climate mitigated by the nearby sea and the characteristics of the karst soil give this Malvasia a personal identity and a superb texture. The aging in the bottle usually results in a straw color with golden hues. Its particular fragrance is characterized by a light aromatic note of white flowers and pear. The flavor is elegant and lively with a savoury finish.
